SUBJECT: National Disability Employment Awareness Month and the AbilityOne Program

Each October the President of the United States asks all Americans to recognize the achievements of workers with disabilities and to help create greater employment opportunities and career paths for people with disabilities. This year's National Disability Employment Awareness Month (NDEAM) theme, "Profit by Investing in Workers with Disabilities," honors the contributions of a highly skilled talent pool that can help employers compete in today's global economy. NDEAM is an excellent opportunity to recognize and celebrate the AbilityOne Program, which is the largest single source of employment in the United States for people who are blind or have other significant disabilities. Today, more than 3,300 wounded veterans are part of the AbilityOne Program's 47,000 workforce that is employed at more than 600 community-based non-profit agencies across the country.

The Department of Defense proudly continues to be the largest customer of the AbilityOne Program, procuring more than \$1.6 billion of goods and services for the defense mission in Fiscal Year 2010. This past year, my office and the U.S. AbilityOne Commission, the Federal agency which administers the AbilityOne Program, recognized the procurement professionals identified in the attached who demonstrated a commitment in action to increasing business with AbilityOne. I congratulate these award recipients for a job well done, and express appreciation to our workforce for their dedication to, and steadfast support of, the AbilityOne Program. My staff point of contact for AbilityOne procurement policy is Ms. Susan Pollack, 703-697-8336, [susan.pollack@osd.mil](mailto:susan.pollack@osd.mil).
